Subject: Posters for Minneapolis Conference

Dear Barbara,

I pulled the following three poster titles from the INBIFO publications tracking database. Can you confirm whether these were all accepted for presentation at the conference? Also, are these the only 3 INBIFO posters being presented at that conference? In case you're wondering - we're trying to pull together a comprehensive list of all WSA/INBIFO posters that will be presented at that conference for Rick.

Thanks and best regards,
Valerie
